2.2.1 - The institution assesses the learning levels of the students and organizes special Programmes for advanced learners and slow learners

Karnatak Science College, Dharwad facilitates, proclaims, and shares knowledge with the students by adopting student-centric methods that help them to achieve both in academic as well as co-curricular aspects. It encourages class assignments, home assignments, group discussions, seminars, mini projects, field visits, technical report writing or case studies, research publications, simulations, and laboratory experimental exercises.

Bridge courses are conducted compulsorily in respective subjects for newly admitted students to make them understand the concepts. Considering the students' previous year's (PU II / Class XII) performance and scores of subsequent internal assessments, and interests in participating in class/practical activities we identify the slow learners from advanced ones. Then we focussed on harnessing the students' talent by motivating and guiding them to participate in national and regional level conferences, workshops, quizzes, competitions, etc. Under Science Association and Study Circles from various departments initiate curriculum-based activities are initiated to nurture the hidden talents and enhance skill sets required to maintain curricular and co-curricular balance in the student.

The students who could not attend tests due to medical illness or, represent the college in various events were given another chance to perform.

For Slow learners:

Tutorial classes are mandatory and have been mentioned in the college timetable. They are taken as remedial classes to help slow learners overcome their fear of tests. After each test and assignment, teachers address the difficulties/issues caused by the students personally. In participative learning, slow learners are encouraged by employing advanced learners and being involved in subject-related discussions. Students are asked to select topics of their interest and present 10 minutes seminars. Later, interactions are conducted to clarify their doubts. Teachers guide the presenters for better learning and understanding. Every Teacher connects the students via Whatsapp/Telegram app and puts constant effort towards the improvement of the students. For practice, unit-wise questions are given to the students. Extra care is taken towards the slow learners.

For Advanced learners:

Teachers engage in extra classes for Advance learners also.e-links (research gate) as references are provided to inculcate research-oriented studies. They are motivated to undertake poster presentations/small project works related to their subject and present them in Regional/National level workshops and conferences; and inter-collegiate

competitions. Art of writing is taught to the students to enhance their ability of learning, understanding, and delivery in tests and examinations.

Students Counselling is done for both Slow and Advanced learners in their respective departments to improve their academic performances and reduce absence in the learning process.

SINGH	but I was which is an imp	Under the guidance of ma'am, I am learning time management, becoming punctual for the classes. And best practices are being conducted, and I am involved in the Crafting technique, under the guidance of Doris ma'am & help of Veena ma'am, where we are getting an idea of doing practices in life of day-today.	Shireen
2.	Vasun Desai	1. March 22/22 2. Jun 9/22	Dr. D.M. SINGH	Before in previous semesters I did not attend much theory & practical classes & I was irregular. But later HOD mam started to monitor my attendance regularly & I was able to attend classes, lab & able to learn concepts. Even though my performance was not so well. By the guidance of Doris mam & Veena mam, I was able to do far more better than previous sem performance.	Vasun	
3.	Mujarril Saifhoxaj	1. 27/03/2022	Dr. D.M. SINGH	Student is knowledge is to attend and was an good attending & now.	Firstly, I would like to say about teaching faculties they have huge knowledge about the subject & they will stay or convince us in a better way. Actually when I'm in the 1 st semester I'm somewhat lazy student so for that reason our Head of the department Doris M. Singh medium will conducting our daily practicals while she use to counselling me every lab about my studies but at time I'm very sad but now I have realized that why medium use to counselling me once I was a slow learner in starting but now I'm in the list of advanced learners list. Thankyou mam.	AD
