Email: principal.kscd@gmail.com Web: www.kscd.ac.in

5.3.2 - Institution facilitates students' representation and engagement in various administrative, co-curricular and extracurricular activities (student council/ students representation on various bodies as per established processes and norms)

Gymkhana – The college has a gymkhana to promote the sports and extracurricular activities. It consists of nine departments (excluding miscellany and reading room). Student secretaries are selected for all these departments on the basis of merit, roster and expertise in specific sports. These student secretaries assist the Chairpersons of the Gymkhana in arrangement of all gymkhana activities and functions.

The Physical Instructor with the help of secretaries and the staff members select the team to represent the college for various sports and cultural events at the university, national or international level.

Anti-ragging cell –College has an active anti-ragging cell which consists of student representatives and teachers. Senior students will coordinate with the teachers in maintaining a healthy environment in the campus.

Alumni, Parents meets and Placements – Student representatives help in coordinating events like alumni meet, parents meet placement festivals, internships and projects in the college.

IQAC – IQAC committee consists of two student representatives along with the teachers. And they help the IQAC committee, whenever it is required.

Miscellany and Study Circles -There are separate student representatives for the college magazine committee. They help in collecting the articles (manuscripts), paintings etc. from the students and assist the Chairperson in the selection of articles for publication. Each department has a study circle. Study circle secretaries help to organize the co-curricular events in the department.

Clean and Green campus – Saplings are donated to the students for nurturing them in the campus. Student's groups are created, and they are assigned projects which will lead to the creation of a clean and green environment in the campus and also to make the campus "plastic free"
