Specific facilities provided for women:

(a) Safety and Security:

- No student is to be discriminated based on their gender. In order to provide more strength to the female students SNEHA CELL is established to address female student's grievances. This cell includes all the ladies teaching staff and they are constant in touch with all the female students, to feel free, to share grievances and to get counsel to overcome the gender related issues.
- **Surveillance:** The Institute has 24x7 security guards consist at least one lady security guard in the campus along with high tech CC cameras in the prime areas. This makes the girl students to free to make use of 24x7 reading room, which is present in the campus. This facility makes the girl students to overcome by all sorts of limitations.
- **Hostel facility:** To strengthen the girl students for higher education, the Institute has two hostels exclusively for girls admitted in the college from different part of the states in particular and across the country in general. The campus also possesses the state run BCM girl hostel. All these facilities make girl student to acquire higher education.
- **Medical facility:** The Institute has health centre for the students. The health centre has dedicated supporting staff viz., highly qualified doctor, sister, supporting staff etc. In addition to the regular appointed doctor, the health centre also has the provision of having visiting doctor/ specialized doctors for addressing the specific issues. This facility provides excellent service to the girl students who generally much hesitate to consult the doctor. As students are much vulnerable to anxiety, stress, and not able to cope up with the things. Having health centre provides great opportunity exclusively for girl student in such a way that they can interact easily with sisters and doctor without any hesitation.
