Thanking letter

To,
Head Of Department
Zoology Department
Karnataka College Dharwad.

Date: 9th January 2025.

Respected Madam,

On behalf of our Organisation (Swami Vivekanand Youth Movement), we would like to extend my sincere thanks for permitting our 9th Standard Navalgund Cluster Govt High School students and teachers to visit the museums. The visit was incredibly enriching and the students were deeply engaged and enthusiastic throughout.

We truly appreciate your support and look forward to future collaborations.

Warm Regards,

Moulya .H.Y

Subject: Exposure visit to Karnataka college for Girl students studying in government high schools of Dharwad district.

Respected sir,

Greetings from Swami Vivekananda Youth Movement.

Inspired by Swami Vivekananda and founded in 1984, Swami Vivekananda Youth Movement (SVYM) is a development organization, engaged in building a new civil society in India.

SVYM is serving over three million people in Karnataka through 40 Projects, seven Institutes and 100 plus partners. SVYM's areas of focus are health, education, socio-economic empowerment and training & research. The organization has its headquarters in Mysore district of Karnataka state in Southern India. Acting as a key promoter-facilitator in the community's efforts towards self-reliance and empowerment, SVYM is developing local, innovative and cost-effective solutions to sustain community driven progress. SVYM believes that building human and social capital will result in economic consequences and all of SVYM's programs are driven by this development paradigm. The organization has received 30 national and international awards so far.

Our development approach has resulted in positive economic consequences in the lives of tribal, rural, vulnerable and other marginalized communities that is well documented and publicly and available in our reports.

Under the Education sector we are working with 40 Government High Schools and 30 Primary Schools in Dharwad district (Dharwad, Hubli, Kalaghatagi and Navalagund Talukas) reaching 15,000 students every year. As part of the School Education Program, we planned an exposure visit to your esteemed Collage on 08/01/2025. We are expecting 80 students, 15 teachers & 05 SVYM staffs for this exposure visit. These girl students are studying in 10th or 9th grade of 15 Government High Schools of Dharwad district.

Purpose of this exposure visit is to promote scientific temperament among students of government schools, and to ensure continuity of leaning among students especially rural children through exposure to career options in science stream.

We thank KCD college for providing such a great platform of exposure to these rural students.

Thank you

Ms. Moulya H.Y
